ACS Nylon Special Edition Light Burst Quilted Leaftop

The virtually feedback-free ACS Nylon Special Edition features a chambered maple solid body design and is equipped with RMC electronics with 13-pin output, making it possible to connect to a multitude of 13-pin devices such as the Roland GR series synths and computers (via MIDI). The guitar's neck is constructed of mahogany and features an Ergocut ebony fingerboard for a comfortable, worn-in feel. Includes a gig bag.

List Price: \$1,255

Manufacturer: Godin Guitars, godinguitars.com
